## Description

**Full Day Peninsula Tour:** The 75mile trip around the Cape Peninsula, a sliver of land formed by the Table Mountain range rising from the midst of the Indian and Atlantic Oceans, offers the visitor a spectacular journey of beaches, mountains and nature reserves, interspersed with quaint towns and harbours in-between. At the Apex of the Journey you will visit Cape Point - the south western most point of Africa. The waters below the lighthouse marking this most treacherous of coastlines, is where legend has it that the Indian and the Atlantic Oceans meet. You will also visit Hout Bay, travel along the world renowned Chapmans Peak, visit Simons Town (the South African navy's main port), stop at Boulders Beach that is home to one of the only land-based breeding colony of the rare and protected African penguin and round the day off at Kirstenbosch National Botanical Gardens, one of the most beautiful national gardens in the world.

**Half Day Robben Island Tour:** Robben Island, once described by Nelson Mandela as "the harshest, most iron-fisted outpost in the South African penal system," has become an international symbol of the triumph of the human spirit. Over the years, the 574-hectare island has been put to a variety of uses, it has been used as a pantry, a hospital, a whaling station, a mental asylum, a leprosy colony, a military camp and a maximum security prison to house anti-apartheid activists. Today Robben Island is a living museum and World Heritage Site, a tangible reminder of the past and a symbol of hope for the future.
